President's Message

A couple of weeks ago I was reminded of one of the benefits of being a CNEW member. I sent out an email to the membership seeking a dry piece of wood 4 x 4 x 12 and I needed it as soon as possible. Within about two hours I received 4 emails with offers of wood, options of different types of wood, and brainstorming ways to get it to me quickly. An hour later a piece of butternut was dropped off at my house by Charles Zucker.

At the August meeting we need to discuss the October show at the Arnold Arboretum. Some of the things to address include possibly placing a limit on how many pieces each member can present for judging, a process for selecting pieces turned from wood provided by the Arboretum, and some other housekeeping matters. Hopefully, all of that will not take too long or interfere with the turning extravaganza. Voting on the items will occur at the September meeting and I propose that instead of voting early in the evening as we did last year, we do it later in the evening to accommodate folks who cannot get to the meeting earlier.

The club picnic happened on July 16 and about 25 members and significant others attended. The selection of food was great and just hanging out with folks was good since club meetings don't offer enough time to chat with anyone for more than a few minutes. I don't know about anyone else but for me it is the highlight of my social calendar (well, not quite, but it is up there somewhere).

I have been giving a lot of thought to the idea of someday having a meeting place that is truly our own. It would be great to have a place where we could leave the lathes set up all of the time, were folks could frequent at times other than the first Thursday of the month, is easier to get to, and we did not have to clean up all of the time. In achieving this goal my thoughts have run from the morbid to the ridiculous, such as having folks make contributions to us "in lieu of flowers" or to try our hand at a Go Fund Me page, or something like that. I do not know if this is reasonable, practical, or possible but I can't stop thinking about it or perhaps I just have too much time on my hands.

Stay well, Joe

Greetings, Charles, and Happy Friday!

As many of you know, last night was our annual Miracle of Mobility event. As Founder and President of Free Wheelchair Mission, I have had the pleasure of watching this event grow over the last 13 years. This year, thanks to you, I am humbled and honored to share that through your generosity, Miracle of Mobility raised \$1,500,658 which equates to 19,261 lives transformed. What an incredible accomplishment!

There were many memorable moments from our evening from Milele performing to the debut of the FWM song, "[God's Love Will Find.](#)" But the one that stands out to me is the inspiring message from Tim Tebow. What a powerful reminder he had for us: "We all have times and moments in our life when we can focus on the things we think are important. But what really matters is when we choose instead to have a life of significance. When we choose a life of significance, we can make a difference."

I want to acknowledge our incredible event strategy team and volunteers, our speaker Tim Tebow and the FWM staff for organizing such a wonderful and purposeful evening. On behalf of more than 937,000 wheelchair recipients worldwide, as well as 19,290 soon-to-be recipients as a result of last night's event, I want to extend my most sincere appreciation to all of you, our attendees, sponsors and supporters who made each and every one of these newly transformed lives possible.

Blessings,

Don Schoendorfer
